**THINKIDS
SUSTAINABILITY,
AUTHENTIC LEARNING &
THINKING FROM EARLY
CHILDHOOD**

ABOUT THE PROJECT

THINKIDS is proposing to design and test a practical **“authentic learning approach”** based on the EU key competences for lifelong learning and the UN Sustainable Development Goals to support educators and children (ages from 3 to 11) find coherence between what they think, what they want or feel, and what they do.

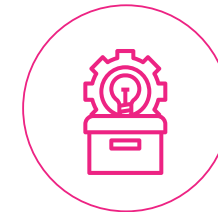

THINKIDS will be enhancing **early childhood and primary teachers’** initial education, as well their continuous professional development by equipping them with a theoretical curriculum and a practical Handbook with 24 educational authentic learning resources focusing on the **8 key competences for lifelong learning and the 17 UN Sustainable Development Goals.**

The European Commission's support for the production of this publication does not constitute an endorsement of the contents, which reflect the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

THINKIDS WILL:

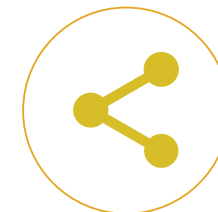

Implement a **Transnational curriculum for Early Childhood and Primary Education teachers in the partners’ countries using an authentic learning approach**

Design and test **innovative materials and open educational resources (OER) for 3-11 school education teachers and educators**

Enhance **professional development of teachers and educators supporting them integrate the key competences for lifelong learning and the Sustainable Development Goals in their daily work**

Create an **Innovative Knowledge Hub for informing, uploading, and downloading OER materials**
